

## AEROVITAL ambience smart wall-mounted ventilator

### More information:

[AEROVITAL ambience product page](#)

### AEROVITAL ambience smart

- Modern ventilator with high sound absorption, heat recovery and all comfort functions
- Simultaneous aeration and ventilation with high air throughput and sound absorption with low inherent noise
- 5-step operation on the device
- Summer/winter mode (bypass function)
- Automatic temperature and humidity control
- Status and filter change indicator
- Easy operation via the SIEGENIA Comfort app with automatic air quality sensor for VOC and CO<sub>2</sub> control as well as further additional functions

### Technical specifications

- Dimensions, H x L x T: 690 x 618 x 185 mm
- Air throughput: up to 60 m<sup>3</sup>/h
- Sound absorption  $D_{n,e,w}$ : up to 54–63 dB
- Heat recovery efficiency: up to 85 %
- Low inherent noise: 30 dB(A) at 55 m<sup>3</sup>/h
- Energy efficiency class: A+

### Production benefits

- Quick installation in the outside wall: 2 x 80 mm core drill
- Recessed installation is possible
- No wet drilling required
- Can also be used with vent duct, for example, for composite thermal insulation systems
- For wall thicknesses from 100 mm onwards
