

Timber French door with TITAN heavy duty hinge side and threshold, RC2

TITAN heavy duty timber hinge side

- Large window formats in an elegant hinge side design
- For timber or timber-aluminium windows with a sash width of up to 1.80 m and up to 3 m in height
- Reliable load capacity: turn-and-tilt sash up to 200 kg and turning sash up to 300 kg
- A new version for thresholds is available now, including for implementing barrier-free solutions
- Wear-resistant pressure die-cast steel combination with specially treated surface finish
- Innovative ball bearings for long-lasting ease of use
- No thermal bridges thanks to a continuous seal

Production benefits

- Milling on frame as with standard windows
- Sash can be installed in any opening position
- Easy to adjust the sash despite its high weight thanks to innovative ball bearings in the rebate corner hinge and 3D pressure adjustment
