

Timber window with DRIVE axxent DK

DRIVE axxent DK

- Fully concealed tilt-locking drive for tilt-only and turn-and-tilt windows
- Motorised locking, unlocking and tilting using push button or wirelessly
- Auto-lock function: when the window is pushed closed it locks automatically, meaning the handle can be dispensed with completely
- 10-minute automatic ventilation and whisper mode
- Optional WIFI module for operation using the SIEGENIA Comfort app
- Suitable for integration into the building control technology

Installation benefits

- Easy to install; can be adjusted even after installation
- No assembly work required for a cable transfer or an additional locking drive
- Optional test unit is available for simple setup
