

PVC window with TITAN axxent 24+ hinge side and DRIVE CL

TITAN axxent 24+ hinge side

- Fully concealed pivots for a perfect window design
- Particularly wear-resistant and durable
- Continuous seal and integrated pressure adjustment for tighter sealing and increased thermal insulation
- Consistently high ease of use due to easy readjustment

Production benefits

- Sash is easy to fit in the slightly opened turn or tilt position
- Easy-to-access 3D adjustability: continuous pressure adjustment on the top and bottom pivot for optimal sealing

EPD*:

[Environmental Product Declaration – Turn-and-tilt hardware for windows](#)

* Environmental Product Declaration (EPD): a document that provides transparent information about the environmental impact of a product during its service life.

DRIVE CL

- Fully concealed tilt-locking drive
- Motorised locking, unlocking and tilting using push button
- Max. sash weight up to 80 kg
- Fully customisable opening width using the stop function
- Other comfort features: auto lock, motorised movement into turning position, optional app control, night vent function

Production benefits

- No assembly work required for cable transfer or additional locking drive
- Auto-adjustment during the initial setup
